Grading Policy

Tests/Quizzes: 40%

Do Nows: 10%

Classwork: 20%

Interactive Notebook: 20%

Homework: 10%

Class Expectations

As your teacher this year, my promise is to provide all of the resources necessary for each of you to succeed. To do so, I ask each of you to respect our classroom, our classmates, and our teachers. Our classroom is our own community, we can not succeed without respect. It is also necessary to come prepared to class every single day. To be prepared, students must have: a pencil, a binder with three sections for Do Now, Classwork, and Homework, and you Interactive Notebook. With everyone's cooperation, I promise to make this year FULL of learning and full of fun!

Grading Breakdown

Every class will start with a Do Now. In order to be prepared to class and earn points for their Do Now, students must be working on it as soon as they get into class.

Homework will be assigned every night. It will be posted in the classroom as well as Weebly. Students may also enroll in Remind, an app to remind students about homework, projects, tests, etc. Any homework that is not done will be required to be finished after school the day it was due.

SHOW YOUR WORK! You may use scrap paper as long as it is labeled with the problem. If you hand it 20 papers, it's okay! it shows me you understand the information and will help you see any mistakes! Just giving the answer does not prove understanding.

Students will receive a checklist about the steps to take when it come to missing work due to absences. Students will also receive more information about the Interactive Notebooks

There will be a lot of quizzes! These are to help you! They show me that you understand the material as well as material I might have to go over again. I will only test you if I am confident that each of you are confident with the information.

Signatures

Please bring home and share this information with your parents! I look forward to an amazing school year with each of you. :) Please feel free to contact me with any questions or concerns!
